An important message from Oscar's Inn

We at Oscar's care deeply about the safety, wellbeing and happiness of our team, our customers and our community.

During this critical time and whilst we are able to continue trading we all need to be extra vigilant to ensure everybody stays safe; particularly the most vulnerable.

If you or anybody you are in close contact with are experiencing a new, persistant cough and a temperature, we ask you not to enter Oscar's Inn at this time, to self-quarantine at home and to seek medical advice from the NHS at www.nhs.uk or by calling 111.

If you are symptom-free, remember that you could still be carrying the virus if you have been in contact with anyone who was infected within the last 7 days.

If you are not symptomatic and choose to visit us at this time, we ask that you **wash your hands thoroughly with soap or hand wash upon arrival**, that you **respect the personal space of other patrons and staff during your visit**, using the seating outside where possible, and that you be patient, as our level of service may be impacted due to the extra precautionary steps we are taking.

During this time we are offering a limited takeaway service for food and drinks, with the possibility of delivery within a local area.

Call or email for any questions, booking or info.

Stay safe and look after one another.

With love from all the team at Oscar's Inn
